Support tailored for your HPE ProLiant DL380 G4 Packaged Cluster. Designed to seamlessly extend your original warranty coverage, this service ensures that hardware issues are addressed swiftly and efficiently, minimizing operational downtime.

## Why Choose Next Business Day Hardware Support?

The Electronic HPE Care Pack Services (e-Care Pack) provides a fast and simple registration process via the HPE Services Network (CSN), enabling immediate service activation. This high-quality support is crucial for maintaining performance and protecting your investment.

### Key Service Features:

- **Extended Coverage:** Provides 1 year of post-warranty support specifically for the ProLiant DL380 G4 Packaged Cluster.
- **Next Business Day (NBD) Response:** Ensures that skilled technicians and necessary parts are dispatched for on-site support by the next business day.
- **Comprehensive Support:** Service includes both parts and labour for reliable hardware resolution.
- **Increased Uptime:** Designed to improve hardware performance and operational stability across your key systems and devices.
- **Flexible Coverage:** Can be utilized for servers, storage, networking equipment, and related hardware, ensuring consistent service coverage across geographically dispersed sites.
- **On-Site Location:** Service is delivered on-site, offering the convenience of repairs and maintenance where the equipment resides.

This service provides an easy-to-buy, easy-to-use solution that increases the return on your HPE and multivendor hardware investments by guaranteeing expert support when you need it most.

**GIGABYTE** is recognized globally for manufacturing a wide range of computer hardware, known for innovation and reliability. Although this specific product relates to an HPE service agreement, GIGABYTE provides robust technology solutions across the IT ecosystem.

Order today from ++SHOP++ as we offer the best service solutions for complex IT environments.
