

# CPU COOLER MULTI SOCKET/KRAKEN PLUS 280 V2 NZXT

Modelis: RL-KN280-B2

Gamintojas: NZXT

EAN: 5056547205205

Prekės kodas: 13968

## 160.99€

### Smart Cooling. Bold Display.

Kraken Plus delivers powerful CPU cooling, a fully customizable LCD, and easy installation — designed for builders who want both performance and personalization.

### Powered by Turbine

The NZXT Turbine Pump is engineered for high flow and head pressure, delivering efficient, low-noise cooling that keeps up with demanding workloads.

### Personalization on Display

Show real-time temps, custom images, GIFs, and web integrations like Spotify and YouTube — all on a vibrant 1.54-inch square LCD, fully controlled through NZXT CAM.

## **High Pressure. Low Noise.**

Static pressure fans push air through the radiator for effective heat dissipation, while Zero RPM Mode keeps them silent during low loads.

## **Streamlined Cabling**

Integrated fan control in the pump cap and a single breakout cable help reduce clutter and make installation faster.

## **Wide Compatibility**

Tool-free mounting brackets support the latest Intel® and AMD® CPU sockets.

## **Ready to Install**

Pre-applied thermal paste for faster setup and efficient heat transfer.

## **Optimized Cold Plate**

Split-flow design channels coolant to the hottest areas for effective cooling.

- **High-Performance Cooling:** The NZXT Turbine pump is engineered for high flow and head pressure, delivering efficient, low-noise cooling to keep your CPU performing at its best under heavy workloads.
- **Custom LCD Screen:** Display real-time system temps, animated GIFs, custom images, or web integrations like Spotify and YouTube on a bright 1.54" square LCD — fully customizable through NZXT CAM software.
- **Quiet Airflow:** High-static pressure fans move air through the radiator to dissipate heat effectively, while Zero RPM Mode stops the fans completely at low loads for silent operation.
- **Easy Installation:** Pre-applied thermal paste and a single breakout cable from the pump cap speed up installation and reduce cable clutter.
- **Wide Compatibility:** Includes tool-free mounting brackets that support the latest AMD® and Intel® CPU sockets, including AM5 and LGA 1851.
- **Durable and Reliable:** Reinforced rubber tubing with nylon-braided sleeving ensures long-term durability and easy routing during installation.
- **Optimized Cold Plate:** The split-flow copper cold plate channels coolant to the CPU's hottest areas for better heat transfer, lower temps, and more consistent thermal performance.
