fluid full spectrum rainbow wave. Downloadable software allows expanded effect and color customizations to the memory modules. Color match your build and rethink the possibilities with RGB.

Exceptionally Engineered

Trident Z RGB retains the iconic design element of the traditional Trident Z lineup ??featuring luxurious hair-line finished aluminum heatspreaders and an aggressive fin design for highly efficient heat dissipation. The top of the heatsink has been exclusively engineered to mount a wider light diffuser for more extravagant lighting effects. Look no further for a memory that combines performance and beauty for building a stylish, modern PC!

Trident Z Means Overclocking

Each memory kit contains specially screened ICs through G.SKILL's unparalleled selection process and a custom engineered ten-layer PCB offering maximum signal stability; and every single kit is rigorously tested for reliability, compatibility, and performance across a wide range of motherboards.

Reveal Your Inner Colors

Create a one of a kind PC with the Trident Z RGB memory kit! The best thing about having RGB capabilities is the ability to choose the colors you want. Whether it's white on one day or green on the next, you can be sure these modules will look current and modern in any build.

XMP 2.0 Support

Just set and go. Programmed with the latest Intel XMP 2.0 profiles, the only thing between you and extreme performance is a simple setting.

Summary: G.Skill Trident Z RGB F4-3600C18D-32GTZR. Component for: PC/Server, Internal memory: 32 GB, Memory layout (modules x size): 2 x 16 GB, Internal memory type: DDR4, Memory clock speed: 3600 MHz, Memory form factor: 288-pin DIMM, CAS latency: 18 | Vendor Homepage: <https://www.gskill.com/> | Backlight: Yes | Backlight colour: Various | Buffered memory type: Unregistered (unbuffered) | CAS latency: 18 | Component for: PC/Server | Cooling type: Heatsink | Country of origin: Taiwan | ECC: No | Intel Extreme Memory Profile (XMP): Yes | Intel Extreme Memory Profile (XMP) version: 2.0 | Internal memory: 32 | Internal memory type: DDR4 | Lead plating: Gold | Memory channels: Dual-channel | Memory clock speed: 3600 | Memory form factor: 288-pin DIMM | Memory layout (modules x size): 2 x 16 | Memory voltage: 1.35 | SPD profile: Yes |
