High-quality water-resistant ECO-FRIENDLY coated RPET polyester

Manufactured using ECO-FRIENDLY RPET polyester made from multiple used plastic bottles that ordinarily end up in a landfill or the ocean. The equivalent of 23 × 500ml plastic bottles is used in the production of each bag. This means that instead of contributing to the greater devastation of our oceans and seas by adding to the vast amounts of plastic currently floating in them, you can instead be taking your environmental responsibilities seriously by partaking in the circular economy that ensures that this kind of waste is instead repurposed as high quality long-lasting products.

Front zippered pocket

We at RIVACASE know the importance of staying organized. We also know how crucial it is to streamline your day and to try to remove as many delays as possible. That is why this bag features an organizer panel for a smartphone, pens, flash drives and other accessories, so that you can know

where each one of your belongings is at any time of the day. And these are usefully located inside a front zippered pocket meaning that you do not have to rummage through the rest of the bag looking for your items and instead have them tucked away in one place behind a highly secure zip.

Compact but capacious

The capacious main compartment will perfectly hold everything you may need on your daily commute or business trip, meaning that you do not need to compromise between various items. It also features a zippered mesh pocket for accessories so that you can simply slip them away quickly and carry on with your day. The bag has an additional front zippered compartment for documents so that you can keep these kinds of things separate and so ensure that they remain neat, tidy, and presentable should you need to produce them for that all-important meeting later that day.

Separate laptop compartment

At RIVACASE, we know the importance of keeping your things safe. And never is this issue more vital than with regard to your main device or laptop. Ensuring that this is kept in the most secure environment possible is a top priority for us. That is why we have been careful to make sure that this Tegel bag comes with a separate laptop compartment with padded sides. This slot is additionally protected with a padded insert on the bottom inside. This means that should your bag be unlucky enough to receive a few knocks on your journey, you can rest assured your main device remains safe.

COMFORTABLE carrying

One of the most obvious aspects to consider when choosing a bag is how comfortable it is to carry. If you might be prone to taking longer journeys and carrying a heavier load, then this is a really important consideration. That is why we have introduced soft handles with this bag, so it will not be digging into your hands should you be taking those extra couple of books along with you. In addition to this, the bag offers a removable, adjustable shoulder strap, so you can simply adjust the bag to your shape and free up that extra hand to carry whatever else you might need while spreading the weight across your shoulders.

Trolley strap

The trolley strap on this bag is one item that you will be thanking us for when trying to navigate your way through a busy train station or airport. You can simply slide the strap over another piece of your
