

**Case ENDORFY
Signum 300
Solid MidiTower
Not included
ATX MicroATX
MiniITX Colour
Black EY2A003**

Modelis: EY2A003

Gamintojas: ENDORFY

EAN: 5903018666228

Prekės kodas: 14508

63.98€

Signum 300 Solid is your personal management center – you can lock everything you need to win inside it, even if that involves meters of cables.

It was designed to impress, and we think it does a pretty good job – the case looks rad and maintains a fresh draft around the PC components. You can easily fit a tall CPU cooler and a 350 mm long graphic card inside. There is also space for eight fans – including one Stratus 120 PWM that we're throwing in.

Signum 300 Solid can also accommodate two 3.5-inch hard drives with another two 2.5-inch ones (or four small drives instead). That's enough to make sure your components won't be crowded like otaku in a queue at a manga and anime convention :)

Let's make some draft!

When your life is all about computers, you know that the best friend of your hardware is an airy case with ample airflow. That's why Signum 300 Solid has a mesh front and as many fan mounts as we were able to fit in such a small space (and we've managed a lot). We simply enjoy the breeze.

Stratus 120 PWM fan

Signum 300 Solid can accommodate up to eight fans. For a good start, we've thrown in one of our Stratus 120 PWM fans, which we've developed in cooperation with Synergy Cooling. It's a quiet, efficient, and durable fan, equipped with a long-life fluid dynamic bearing. You can control it with a PWM signal, which means that extremely low speeds are achievable for a pleasant silence. You will hear nothing but our own mouse clicks and the rustle of curtains moving in your home office ;)

Can you wrap your chassis around it?

Behind every virtual race won or every video edited, there are top-tier components that made it possible. Lots of top components. That's why we've made room for more. You no longer have to choose between a better graphics card and a more extensive cooling system – you can fit both.

Summary: ENDORFY Signum 300 Solid. Form factor: Tower, Type: PC, Product colour: Black. Rear fans installed: 1x 120 mm, Front radiator sizes supported: 120,240,360 mm, Rear radiator sizes supported: 120 mm. Supported HDD sizes: 2.5,3.5".
