COMPACT BUT CAPACIOUS

This backpack offers you the ultimate in a slim compact design to create a bag that is the perfect option for those who want to navigate the world and their journey ahead with uninterrupted ease. The compact nature of the design in no way compromises on space and the roomy main compartment will offer you more than enough space for your device and other belongings. A zippered pocket for your passport or wallet is available so that you are kept organized and prepared for your day ahead.

ADVANCED PROTECTION

It is not worth it taking any chances with your electronic devices. Gone are the days where all we needed to keep safe was a few files and sheets of paper. These days we all carry with us highly

valuable and highly delicate pieces of technology that we need to be keeping in extra special care. That is why this Cardiff bag comes with its own padded pocket for laptops up to 13.3" and features a pocket for Tablets up to 10.5". So if you are the kind of person that cannot do without that extra device and yet want to retain a compact silhouette, then this is the bag for you.

FRONT ZIPPERED POCKET WITH A MAGNETIC FLAP CLOSURE

The front zippered pocket of this bag comes with a magnetic flap closure. This element, as many who have used this kind of system before will know, will become something that you eventually cannot do without. The supreme ease with which you are able to simply flip your bag closed will prove to be an incredibly comforting addition to your daily life. In addition to this, the bag features an organizer panel for pens and a smartphone along with a detachable key strap so that you can remain completely organized in your day, knowing where each one of your items is at all times.

STRAP MANAGEMENT SYSTEM

There is nothing worse than a bag that ends up with loose ends and tassels hanging about the place and getting in the way of your day. Not only can this prove incredibly irritating but it can also pose a major health safety hazard. Often these are the kind of things that can become trapped in elevator and train doors leading to disastrous consequences. That is why we have introduced a strap management system so that you are able to neatly tuck everything away, keeping you neat, compact and safer on your journey ahead.

COMFORTABLE CARRYING

There is nothing worse than a bag that has been built with cheap, flimsy or thin straps and which lead to them digging into your shoulders and neck. Not only will this lead to a very uncomfortable journey and ruin your state of mind and potentially your whole day but also it can over time pose a serious risk to your health if you are carrying heavy loads for extended periods. Luckily though, this Cardiff backpack comes with comfortable shoulder straps with softened bands and a soft handle for carrying or hanging so that you are kept in the best possible mood from the start of your journey until the end.

- Backpack with a 13.3" laptop compartment for daily commutes
- Manufactured using high-quality faux leather and trendy canvas made of 100% cotton to protect your devices
