Your PC's best friend

Sit back and relax — and allow your build to do the same. The Ventum 200 Solid is an airy case, keeping the temperatures low and the airflow consistent.

Stratus for a start

Our shapely Ventum 200 Solid can pack up to 7 120 mm fans. The first spin is on us — for your convenience, it comes with a Stratus 120 PWM fan already pre-installed.

Small but spacious

It's like a well-designed woman's purse — it might not look like much from the outside (measuring only 373×440×211 mm), but it holds a world (of components) inside.
