AXAGON EEM2-SBC

**EEM2-SBC SuperSpeed+ USB-C - M.2 SATA SSD RAW box**

External USB-C 3.2 Gen 2 metal box for M.2 SATA SSD disks. Screwless.

Aluminium external AXAGON EEM2-SBC RAW box with USB 3.2 Gen 2 interface is designed for SATA M.2 SSD disks. The double-sided USB-C connector on the box together with the supplied USB-C -> USB-A cable enables a reliable connection to a computer.

SATA 6G interface allows you to enjoy the speed of modern M.2 SSD drives. The transmission rate amounts to 10Gb/s thanks to the fast USB 3.2 Gen 2 interface. The external M.2 box also supports

other modern functions, e.g. UASP, TRIM and allows reading S.M.A.R.T. information that monitors the status of the disk. Standby support when idle.

SATA M.2 SSD drives can be used in the external box. The advantage is the attachment of three different lengths of SSD cards - 42, 60 and 80 mm. M.2 cards can be single-sided or double-sided. The box does not limit the capacity of inserted SSD.

Screwless box opening facilitates assembly and disassembly of the M.2 SSD disk. Disk replacement is quick and easy, thus expanding the possibilities of using the box, e.g. for data migration, testing, etc.

The outer metal housing is made in black colour with an elegant brushed finish that prevents unwanted fingerprints. The rounded box design promises pleasant use. The aluminum box body provides very good cooling of the inserted M.2 SSD disk.

By inserting the M.2 SSD in the box, you will easily create fast compact external disk. The box can be used with computers and notebooks, as well as with mobile phones and tablets.
