108.98€

The Natec Genesis Diacid 605 ARGB mid-tower chassis combines functionality and style, featuring a meshed front panel that enhances airflow for optimal cooling. It supports radiator sizes ranging from 120 mm to 420 mm in the front panel, with additional options for top and rear cooling arrangements. The design incorporates a windowed tempered-glass side panel, allowing a view of internal components and lighting effects. With four internal bays, ample expansion slots, and various front panel connectors including USB-C 3.1 Gen 2, this chassis offers versatility and convenience for users. Designed with practicality in mind, the Diacid 605 ARGB features dust filters to maintain cleanliness and ensure component longevity. It can accommodate graphics cards up to 351 mm in length and CPU coolers with a maximum height of 168 mm. This chassis is built from durable materials such as steel and ABS plastic, providing a sturdy foundation for a high-performance build. Ideal for gamers and PC enthusiasts, the combination of space, modern design, and efficient cooling solutions makes this chassis a suitable choice for building a reliable system.
