## AMD Athlon 3000G AM4 Processor - Essential Performance for Budget Builds

The AMD Athlon 3000G is the ideal foundation for an affordable yet capable desktop computer. Designed for everyday tasks, web browsing, streaming, and light productivity, this processor delivers reliable performance backed by AMD's efficient architecture. As an Accelerated Processing Unit (APU), the Athlon 3000G includes powerful integrated Radeon Vega 3 graphics, eliminating the need for a separate graphics card in entry-level systems.

### Reliable Power and Efficiency

Operating at a base frequency of 3.5 GHz, the Athlon 3000G utilizes 2 physical cores and 4 threads, providing smooth multitasking capabilities for its class. Built on the modern AM4 socket, it ensures broad compatibility and easy upgrades down the line. Furthermore, with an incredibly low Thermal Design Power (TDP) of just 35W, this processor runs cool and quiet, making it perfect for small form factor or energy-efficient builds. This BOX version includes a stock cooler, ensuring you have everything needed to start your build immediately.

## Key Specifications and Features:

- **Model:** AMD Athlon 3000G.
- **Core/Thread Count:** 2 Cores / 4 Threads for efficient handling of simultaneous tasks.
- **Base Frequency:** 3.5 GHz for responsive daily performance.
- **Socket Type:** Compatible with the widely used AMD AM4 platform.
- **Cache Memory:** 5MB total cache (L2+L3) for faster data access.
- **Thermal Design Power (TDP):** Ultra-low 35W for cool, quiet, and energy-efficient operation.
- **Integrated Graphics:** Features built-in Radeon Vega 3 Graphics for visual output without a dedicated GPU.
- **Package:** BOX version (includes cooler).

**AMD (Advanced Micro Devices)** is a global leader in high-performance computing, graphics, and visualization technologies. AMD processors are renowned for their excellent price-to-performance ratio and commitment to innovation.

Order the versatile AMD Athlon 3000G today from ++SHOP++ and build your reliable, cost-effective desktop system quickly and easily.
