2.99€

The Gembird PC-189-VDE power extension cable is designed to provide reliable power connectivity with its molded connectors that ensure long-lasting performance. Featuring IEC 60320 C13 and C14 connectors, it allows for easy alignment and secure connections, making it ideal for various applications. The cable includes strain relief for added durability, ensuring it can withstand bending and twisting without damage. Packaged in a poly bag, it offers a practical solution for those looking to extend their power connections safely and effectively.
