The MOTOROLA Razr 60 Ultra revolutionizes the foldable phone category, blending iconic flip phone design with cutting-edge modern technology. Engineered to be impossibly thin and stylish, this device features a stunning Pantone Cabaret colorway and sculpted aesthetics, ensuring you stand out. Powered by the elite Qualcomm Snapdragon 8 Elite processor and featuring a massive 16 GB of RAM, the Razr 60 Ultra delivers unparalleled speed and multitasking capability, keeping pace with your fastest thinking.

Dual Displays: Immersion and Convenience

Experience visual perfection on the expansive 7-inch foldable pOLED display, which boasts an incredibly smooth 165 Hz refresh rate and HDR support. Its 2992 x 1224 resolution provides cinematic clarity. When folded, the large 4-inch pOLED color cover display allows you to manage notifications, take calls, and snap perfect selfies without opening the phone. The device features a robust water-resistant and dust-resistant design, offering peace of mind wherever you go.

Professional-Grade Photography

Capture life's moments in stunning detail with the powerful 50 Megapixel triple camera system. The main 50 MP sensor with f/1.8 captures sharp images even in challenging light, complemented by a 50 MP ultra wide-angle lens that doubles as a dedicated macro camera for close-up shots. Adding to its versatility, the Razr 60 Ultra features a high-resolution 50 MP front-facing camera, perfect for crystal-clear video calls and high-quality selfies.

With an impossibly thin design, RAZR is a marvel of engineering - one you'll want to show off to the world. Thinner than your friends' smart phones, it's better looking too, with sculpted glass and diamond-cut aluminum accents.

Full-tilt boogie is just your style - and RAZR can keep up. The powerful dual-core 1.2 GHz processor lets you act as fast as you can think (finally). Capture the excitement with the 8-megapixel camera and 1080p HD video recording, for crisp, clear, cinematic quality images. Your video captures will be especially smooth, thanks to technology that helps stabilize the camera. And, see things eye-to-eye on your next incoming call with the front-facing HD video camera.
