The Chieftec VITA SM3 BPX-750-C is a power supply designed for performance and efficiency. With a total power output of 750 W, it meets a range of power needs while ensuring compliance with current standards such as ATX12V 3.1 and EPS12V. This power supply includes multiple connectors, including a 24-pin ATX, various modular cables for flexibility, and an efficient cooling system featuring a 120 mm fan, providing effective air circulation even during high-performance tasks. Safety is prioritized with several protective features, including overcurrent protection, overvoltage protection, and short-circuit protection. Moreover, the semi-modular cable management allows users to arrange their setup neatly, reducing clutter and enhancing airflow within the case. With its 80 PLUS Bronze certification, the Chieftec VITA SM3 ensures powerful performance and energy efficiency, helping to minimize energy consumption without compromising reliability.
