

Superfire FF5-D solar lamp, 486W, 1400 lm, 20000 mAh

Modelis: FF5-D

Gamintojas: SUPERFIRE

EAN: 6956362995710

Prekės kodas: 21496

92.99€

Superfire FF5-D solar lamp, 486W, 1400 lm, 20000 mAh

The Superfire lamp uses the sun's rays for power, and you can control it with the included remote control. You will successfully use it as a street, industrial or commercial light. It is made of damage-resistant materials and advanced PWM power technology, so it can operate in low temperature environments.

Smart solutions

The lamp will turn on spontaneously after dark, thus ensuring the safety of passersby, and then turn off after dawn. Choose solutions that do not require your intervention. Let yourself be helped!

Ecologically

The device uses solar panels made of polycrystalline silicon, which save energy consumption and protect the environment, and can be charged even on cloudy days. This means the FF5-E will save you money on your electricity bill.

Remote control included

An infrared remote control is included that allows you to adjust the device's run time for 3/5/8 hours. After the set time, the FF5-E will automatically turn off, saving energy.

Performance

The device is equipped with a 6V lithium battery, which charges the lamp even at night. It is distinguished by its high capacity, stable performance and long operating time. It is also equipped with an LED chip, which increases the performance and durability of the lamp, which goes hand in hand with its long life. In addition, the lamp has a professional outdoor PVC cable, and an integrated water- and UV-resistant connector.

Water resistant

The lamp is IP65 water and dust resistant, so it is not intimidated by bad weather conditions such as heavy rains or strong winds. The high-quality tempered glass is distinguished by its high hardness, resistance to scratches, pressure and heat, as well as excellent light transmission and stability. As a result, the light it casts is bright and natural.

Included

- lamp
- remote control
- lamp holder
- solar panel holder
- screws
- instruction manual

Manufacturer	Superfire
Model	FF5-D
Power	486 W
Number of lumens	1400 lm
Illumination range	140 m ²
Water resistance	IP65
Battery capacity	20000 mAh
Lamp dimensions	494 x 215 x 55 mm
Solar panel dimensions	520 x 350 x 17 mm
Material	ABS + Tempered glass
Weight	5.06 kg
Color temperature	8000K
Operating time	approx. 12 h
Charging time	approx. 4 h

Net weight: 6211, Box length: 58,50, Box width: 43,00, Box height: 18,00, Gross weight: 5550, Lumens (lm): 1400, Pojemność akumulatora: 20000, Power (W) [eng]: 486, Stan: Nowy, Stan opakowania: oryginalne, Kod producenta: FF5-D, Brand: SuperFire, Moc lampy: 486, Moc zasilacza: solarne, Strumień świetlny: 1400, Stopień ochrony IP: IP65, Liczba punktów światła: 1, Barwa światła: niebieski, Klasa efektywności energetycznej: G, Klasa efektywności energetycznej - stara klasyfikacja: A++, Length: 494, Szerokość: 215, Grubość: 55, Kąt świecenia: 140, Waga produktu z opakowaniem jednostkowym: 0.15, Informacje o bezpieczeństwie: CE, GPSR Link: https://psr-assets.innpro.pl/outdoor/sg_outdoor_lighting.pdf
