Powerbank Romoss PEA60 60000mAh, QC + PD, 22.5W (black)

The Romoss powerbank is distinguished by its 60,000mAh capacity and has a practical LED display. It supports fast charging protocols, so you will renew your equipment's energy in no time. In addition, 3 USB ports and a USB-C port allow you to charge 4 devices simultaneously. In addition, a number of security features are responsible for safe use.

Charge 4 devices simultaneously

The product is equipped with 3 input ports: USB-C, micro USB and Lightning, which will facilitate charging the powerbank. Meanwhile, the USB x3 output ports and USB-C port will allow you to charge your smartphone, tablet and Nintendo Switch.

A companion for long trips

The Romoss powerbank will be perfect for traveling or on vacation. It has a 60,000 mAh battery, which allows it to charge an iPhone 8 up to 22 times, a Huawei P40 10 times, and a Samsung S20 9 times. What's more, it supports such fast charging protocols as SCP 22.5W, PD 3.0 18W, QC 18W, which will quickly renew the energy of your devices. In addition, the PEA60 takes about 30.5 hours to charge if you use a 5V / 2.1A adapter, or about 14 hours - if you use a 9V / 2A adapter.

LED display

The device has a built-in LED display, so you have all the most important information about the operation of the powerbank at your fingertips. Just take a glance to check voltage, amperage, remaining battery level or charging status.

Safe use

The Romoss powerbank is designed to be completely safe to use. The device has protection against overcharging, overcurrent, over-discharge, overvoltage, reverse polarity, short circuit, etc. This allows you to use the PEA60 without worrying about damage.

Included

- powerbank
- USB charging cable
- user manual
