Baseus Amblight powerbank, 30000mAh, 65W (white)

Use the Baseus Amblight 30000mAh powerbank to quickly charge devices such as a smartphone or laptop. The product uses 65W of power and works with PD, QC, SCP fast charging protocols, etc. The 5 different ports allow you to connect several devices to it at the same time, and the LED display will provide you with the most important information about the powerbank's operation.

Quickly renews your device's energy

The Baseus Amblight powerbank allows you to charge as many as 5 devices simultaneously, saving you time. What's more, it works with such fast charging protocols as PD3.0, QC3.0, FCP, SCP, etc. This means that you will instantly renew the energy of smartphones from Apple, Huawei, Samsung,

Xiaomi and many others. As a result, you will charge the Samsung S20 Ultra in about 60 minutes.

30000 mAh capacity

Don't be afraid of frequent charging of the Baseus Amblight. The powerbank has a 30000 mAh battery capacity, so it can last up to 7 days. What's more, the included USB-C to USB-C cable will allow you to renew the product's energy - after about 3 hours it will be ready to continue working.

A range of security features

Using the Baseus Amblight is completely safe. In addition, it is equipped with a number of protections: against overcurrent, short circuit, overheating and overcharging. What's more, it adjusts the amperage to the device being charged, so you can be sure it won't be damaged.

Stay up to date

Another advantage of the Baseus powerbank is the built-in LED display. From it you can read such values as amperage, voltage, and battery level in real time. All you have to do is take a look!

Included
