Aprašymas

Yeelight Light smart ceiling lamp C2201C300

Light up rooms with warm and eye-pleasing light. The Yeelight smart ceiling lamp offers adjustable brightness, color and color temperature, and you won't have a problem installing it. What's more, its operation is facilitated by an app and voice commands. The product is also compatible with the separately available Smart Dimmer and Yeelight remote control. In addition, the lamp is distinguished by its IP54 water resistance, and its minimalist, slim design will be an elegant addition to your interior.

Carefully considered design

The lamp features a minimalist and ultra-thin design, so it will fit into almost any modern interior. In addition, it offers a main, double white light that falls on the room and a colored light that casts a colorful glow on the ceiling giving a unique atmosphere in the room. It is IP54 water-resistant, so

you can successfully install it in the kitchen, bathroom or even on the terrace. In addition, the airtight design prevents dust and insects from entering the lamp. On the other hand, the included base is responsible for quick and easy installation - just lock it in place.

Several control options

Enjoy the freedom of use that Yeelight offers. The C2201C300 smart lamp works with Google Assistant, Apple Homekit, Amazon Alexa and Samsung SmartThings, so you can customize the device's operation with a simple voice command. In addition, you can use the dedicated Yeelight app or remote control (not included). The lamp also supports the available Yeelight Smart Dimmer, which allows you to control the lamp remotely, even when it has been turned off via a bell switch.

Gentle light for the eyes

The lamp generates a light that is warm and pleasant to the eyes, so you don't have to worry about feeling tired or uncomfortable. What's more, it's equipped with a moonlight mode that offers a low brightness level. It will be perfect for a bedroom or a child's room, enveloping the room with soft light.

Works the way you want it to

Customize the lamp's operation to suit your needs. You can adjust its brightness or color temperature (2700-6500 K). What's more, the Yeelight App offers the ability to customize the color of the light - you can choose from as many as 16 million colors. To personalize the device even more, set a timer and the lamp will turn off at a time of your choosing.

Included

- lamp
- mounting elements (self-tapping screw x2, wall plug x2, silicone washer x2)
- instruction manual
