2-Channel DIN Rail Relay with Power Monitoring Shelly Pro 2PM WiFi/LAN

Shelly Pro 2PM is an intelligent DIN rail relay with two channels, allowing control of devices with a maximum load of 16 A per channel and a total of 25 A. It comes with a built-in power meter, enabling users to precisely monitor the energy consumption of automated lighting or other equipment. With support for WiFi, LAN, and Bluetooth, it is well-suited for both home and building automation. It also integrates with popular voice assistants like Google Assistant, Samsung SmartThings, and Amazon Alexa, making home control even more convenient. Moreover, scripting features enable the creation of custom automation scenes based on various events, such as weather forecasts.
