you can charge your devices faster than ever, saving you valuable time. It only takes 30 minutes to get a full charge on many modern smartphones, such as the iPhone 15 Pro Max, Samsung Galaxy S23 Ultra and Xiaomi 14.

Durability at the highest level

The Romoss PPU20 is made of durable aircraft-grade aluminum, which not only provides an aesthetically pleasing appearance, but also resistance to shock and damage. A precision fine sand finish makes the device pleasant to the touch while resisting fingerprints, ensuring a sleek look for longer. The sports car-inspired design gives it a modern, dynamic feel.

Fully informative display

The built-in LED display gives you full control over the charging process. With just a glance, you can check the battery's charge level, power output and the time left to fully charge. With the charging visualization feature, you are assured that your devices are being charged quickly and safely.

Smart charging technology - Romoss Fit Charge®

The PPU20 powerbank features Romoss Fit Charge® technology, which intelligently adjusts the charging current to each device for optimal and safe charging. Temperature monitoring sensors and a temperature control chip protect devices from overheating and overcharging, making the PPU20 an extremely safe solution.

Ready for any trip

The Romoss PPU20 is the perfect travel companion. With its large 20000mAh capacity, you can take it on a long trip without worry, knowing that there will be enough power for multiple charges of your devices. It's ideal for flights, long trips and everyday outdoor activities alike.

Excellent compatibility and multiple charging options

The Romoss PPU20 powerbank offers a variety of output options, including USB-C and USB-A, allowing you to charge several devices at once without compromising charging speed. It supports
