58.00€

USB-C adapter for glasses

Connect your device to your VITURE One XR glasses while keeping it charged with the USB-C adapter. Whether you're playing on a portable console or streaming your favorite content, this adapter lets you stay connected and extends the runtime so you don't have to worry about power levels. Designed with convenience in mind, it's easy to plug in and guarantees charging stability, which translates into hours of uninterrupted XR immersion.

Versatile use and compatibility

The USB-C charging adapter works with all devices that support DisplayPort over USB-C, which means you can connect it not only to your iPhone, but also to Nintendo Switch, Steam Deck and other portable consoles. This gives you the ability to charge and transfer video at the same time, which is especially useful when you're on the go. With the VITURE adapter, you enjoy the full capabilities of your XR glasses without compromise!

Manufacturer VITURE
