RayNeo Air 2s AR Glasses

RayNeo Air 2s are advanced AR glasses that combine innovative visual and audio technologies to offer an experience comparable to a home theater in a compact, lightweight form factor. With precision Micro OLED displays, a superior audio system and ergonomic design, they are ideal for work, entertainment and everyday use.

Visual mastery in a compact form factor

RayNeo Air 2s provide the sensation of viewing a 201-inch screen from 6 meters away, making them perfect for movies, games and work. The Micro OLED displays offer 1920x1080 resolution in 2D mode and 3840x1080 resolution in 3D mode, which translates into exceptional image sharpness and detail. With adjustable brightness up to 600 nits, the glasses will work well both indoors and outdoors.

Smoothness and image personalization

A refresh rate of 120 Hz ensures smooth display of dynamic content, such as video games and fast-paced action scenes. The ability to adjust the color and brightness of the image via the mobile app allows you to fully customize the settings to suit your personal preferences.

Next-generation sound system

The RayNeo Air 2s features a system of four symmetrical speakers that provide dynamic surround sound. With Whisper Mode 2.0 technology, users can enjoy clear sound with privacy, even in crowded areas. Improved sound amplitude and enhanced bass performance make the glasses a true audio center at your fingertips.

Lightweight and comfortable to wear

With a weight of only 78 grams, RayNeo Air 2s are among the lightest XR glasses on the market. And with two-tone injection technology and optimized weight distribution, the glasses provide comfortable wear even for hours. Adjustable nose pads and temples allow a perfect fit for each wearer.

Eye protection at the highest level

TÜV Rheinland certification confirms low blue light emissions, no flicker and comfort. As a result, the glasses minimize eye fatigue, even during prolonged use. The ability to fit corrective lenses further enhances their functionality.

Versatility for entertainment and work

RayNeo Air 2s offer access to more than 400,000 videos and 1,000 applications through compatibility with RayNeo Pocket TV. Support for games with realistic visual effects makes them an excellent tool for gamers, while video conferencing and document viewing capabilities make them a functional work tool.

Compatibility with multiple devices

With support for USB-C DisplayPort, the glasses can be easily connected to a wide range of devices such as laptops, smartphones and consoles. This makes them a versatile tool for professionals and technology enthusiasts alike.

Portable home theater

The RayNeo Air 2s' exceptional picture and sound quality makes them ideal for watching movies and TV series anywhere. The brightness adjustment function and excellent visibility even in bright environments allow for comfortable use in any situation.

The future of AR technology today

RayNeo Air 2s are revolutionary augmented reality glasses that redefine the way we consume media and interact with technology. With advanced visual and audio features, ergonomic design and application versatility, they are the perfect choice for discerning professionals and entertainment enthusiasts alike.
