Pagrindinės savybės

- ✓ Scanner type: Flatbed & ADF scanner 600 x 600 DPI
- ✓ Colour scanning Duplex scanning
- ✓ LCD Built-in display
- ✓ A3
- ✓ Maximum scan size: 305 x 4060 mm Sensor type: Dual CCD
- ✓ USB port Ethernet LAN
- ✓ Power supply type: AC 50 W
- ✓ Scanning noise level: 60 dB

Aprašymas

Ideal for any document-heavy process that needs to handle books, mixed sized, and fragile documents

On-board image processing
Slashes demands on your PCs to speed scanning and boost efficiency

Integrated Flatbed

Easily scan oversize and fragile documents safely, as well as books, photos, etc.

Simplified scanning

Large intuitive color touchscreen, personalized workflows, and Smart Touch technology to automate complicated tasks

Scan directly to apps

Import information directly into applications with TWAIN, ISIS, or RESTful API based scanning

Perfect Page Superior Image Quality

Because image quality and accuracy are everything for superior OCR, searchable pdf’s and barcode reading, Perfect Page technology turns even poor-quality originals into crisp images automatically. Features like streak removal, background smoothing, image edge fill, and others greatly enhance quality. You’ll minimize manual data entry and be ready for future technologies like RPA (Robotic Process Automation) to further streamline repetitive tasks and free up your workforce.
Benefits:
- Maximize data readability, OCR accuracy, automation rate, profitability, file transportation, and speeds
- Minimize file size, storage costs, data loss, automation failure total cost of processing, waiting times

Smooth Document Handling

With a straight-through paper path, adjustable feeders, and a built-in A4 book-edge flatbed for exception documents, you can be ensured smooth and safe document handling. Mix weights and sizes in any batch without a hiccup from the big 300-sheet feeder with controlled exit stacking for mixed-batch handling accuracy. Safeguard originals with Intelligent Document Protection (IDP) that alerts you to issues before they become jams, as do our superb multi-feed detection sensors.
Benefits:
- Faster with minimal misfeeds to minimize the total time spent at the scanner
- Better security with Intelligent document protection to reduce document damage and lost data

Built-in Intelligence

Get the very best image quality capable from within the scanner, without any impact on the rated speed of the scanner or impact on the bandwidth of the PC. The built-in Image Processing takes away that dependence on a high-powered PC, with a powerful embedded processor that handles image processing at the scanner rather than the PC. And Intelligent Barcode Reading produces the most accurate data extraction results and makes document prep easier.

Share Data at the Touch of a Button

Documents that are scanned may need to be distributed to individuals, teams, or systems for automation or storage to be actioned. This can require a multi-step process of scanning to PC, finding the file, renaming the file, attaching to an email, or opening and finding a location in a system.

This scanner offers a large, intuitive color touchscreen and the ability to quickly configure personalized buttons for multiple users. Plus the simplicity of bundled Smart Touch technology, which allows you to get data where it is needed from the push of a button, improving scanning speeds and minimizing post-scan steps.

Multi-User Connectivity & Security

Not being able to access data because you cannot use the scanner can be frustrating – processes are put on hold. In work environments where multiple people need to occasionally scan batches, a dedicated scanner per person makes little financial sense and so teams go through the awkward, time-consuming process of sharing. The network capability of the scanner means that the scanner is visible to any PC on the network.
Benefits:
- This allows the scanner to be shared without any moving of laptops or wires, or the need for purchasing of extra IT equipment – saving time and money

- Secure your scans over a network with HTTPS and TLS encryption standards.
- Make IT happy with a secure boot solution to ensure only trusted firmware can load

Take Your Information Further

Businesses need to send information in the right format, to the right location such as network folders, FTP, cloud destinations like SharePoint, or other ECM systems to streamline their processes. The scanner allows for easy import of information into TWAIN, ISIS, and Linux based scanning applications. For further connectivity, our RESTful (Web) API offers easy integration into LOB applications, web-based scanning applications, or mobile devices.
Or you can accomplish more by seamlessly integrating with Kodak Capture Pro Software or Kodak Info Input Solution to maximize connectivity, automate indexing, and take your information further.

Easy to Stay Productive

Stay up and running with consumable tracking with user notification from the large color touch screen and know you are meeting the highest level of environmental standards with our EPEAT Gold certifications. And protect your investment and performance now and in the future with award-winning service and extended warranties from Kodak Alaris.

Techninė specifikacija

Scanning	
Maximum scan size	305 x 4060 mm
Optical scanning resolution	600 x 600 DPI
Duplex scanning	Yes
Colour scanning	Yes
Input colour depth	48 bit
Output colour depth	24 bit
Output greyscale depth	8 bit
ADF scan speed (b/w, A4)	60 ppm
Design	
Scanner type	Flatbed & ADF scanner
Built-in display	Yes
Product colour	Black, White
Display	LCD
Display diagonal	8.89 cm (3.5")
Touchscreen	Yes
Colour display	Yes
Performance	
Sensor type	Dual CCD
Daily duty cycle (max)	25000 pages
Light source	RGB LED

Scan file formats	DOC, JPEG, PDF, PNG, RTF, TIFF, XLS
Scan drivers	ISIS, TWAIN, WIA
Barcode reader	Yes
Scanning noise level	60 dB
Input capacity	
Auto document feeder (ADF) input capacity	300 sheets
Paper handling	
Maximum ISO A-series paper size	A3
Auto Document Feeder (ADF) media weight	27 - 433 g/m²
Ports & interfaces	
USB port	Yes
USB version	3.2 Gen 1 (3.1 Gen 1)
Network	
Ethernet LAN	Yes
Supported network protocols	TCP/IP, DHCP
Power	
Power supply type	AC
Power consumption (typical)	50 W
Power consumption (standby)	0.3 W
AC input frequency	50 - 60 Hz
Input voltage	100 - 240 V
Power consumption (sleep)	4 W
Weight & dimensions	
Width	457.2 mm
Depth	370.8 mm
Height	254 mm
Weight	16.8 kg
Packaging content	
Bundled software	Capture Pro Limited Edition Smart Touch
Sustainability	
Sustainability certificates	ENERGY STAR, EPEAT Gold
System requirements

Windows operating systems supported	Windows 10, Windows 10 Education, Windows 10 Education x64, Windows 10 Enterprise, Windows 10 Enterprise x64, Windows 10 Home, Windows 10 Home x64, Windows 10 IOT Core, Windows 10 IoT Enterprise, Windows 10 Pro, Windows 10 Pro x64, Windows 10 x64, Windows 7, Windows 7 Enterprise, Windows 7 Enterprise x64, Windows 7 Home Basic, Windows 7 Home Basic x64, Windows 7 Home Premium, Windows 7 Home Premium x64, Windows 7 Professional, Windows 7 Professional x64, Windows 7 Starter, Windows 7 Starter x64, Windows 7 Ultimate, Windows 7 Ultimate x64, Windows 7 x64, Windows 8.1, Windows 8.1 Enterprise, Windows 8.1 Enterprise x64, Windows 8.1 Pro, Windows 8.1 Pro x64, Windows 8.1 x64
Linux operating systems supported	Ubuntu 16.04, Ubuntu 18.04 LTS
Server operating systems supported	Windows Server 2012 x64, Windows Server 2016 x64, Windows Server 2019
Operational conditions	
Operating temperature (T-T)	10 - 35 °C
Operating relative humidity (H-H)	15 - 80%
Other features	
Recommended system requirements	Intel Core i3 3.5 GHz+, USB port 3.0/2.0, 3.43 GB RAM+
Ethernet LAN data rates	10,100,1000 Mbit/s
Certification	S mark, RCM, cTUVus & ICES-003, CCC, CE, GS Mark, BIS, VCCI, NOM, EAC, KS, BSMI
Minimum scan size	63.5 x 71.1
Technical details	
Linear (1D) barcodes supported	Codabar, Code 128, Code 3 of 9, EAN-13, EAN-8, Interleaved 2 of 5, PDF417, UPC-A, UPC-E
Logistics data	
Harmonized System (HS) code	84716070
Matmenys ir svoris	
Matmenys (I × P × A)	60.00cm × 50.00cm × 45.00cm
Svoris	23.79kg
