- **90W USB Type-C Connectivity:** Connect your notebook/PC with a single cable, powering your device and decluttering your workspace.
- **Embedded LAN:** Integrates network connectivity directly into the monitor.
- **Energy Savings:** Achieves up to 30% energy savings using sensor technology to automatically adjust brightness or power down based on usage.
- **Ergonomic Design:** Features a 150mm height-adjustable stand and other ergonomic adjustments to suit individual user needs.
- **Eye Comfort:** Low-blue light and flicker-free technologies ensure comfortable viewing and eye protection.

Prioritizing user well-being, the ergonomic features are easily adjusted to suit individual requirements, while low-blue light and flicker-free technologies ensure eye-pleasing comfort and protection. The high pixel density QuadHD resolution coupled with a 27-inch active screen area results in an expansive digital canvas for the most productive personal workspaces.

**SHARP** is a globally recognized leader in professional and consumer electronics, dedicated to innovation and quality.

### **Sharp MultiSync® EA272Q - maximum screen estate, minimum cable clutter**

For detail-rich applications, the high pixel density QuadHD resolution coupled with 27-inch active screen area results in an expansive digital canvas for the most productive personal workspaces. Extend your visual command even further with a near uninterrupted multi-screen configuration with ultra-narrow bezel and DisplayPort OUT daisy-chain.

Featuring powerful 90W USB Type-C connectivity and embedded LAN, the EA272Q becomes a fully functioning Docking Hub solution. With just a single cable to connect notebook/PC to the display whilst powering your device, workspace remains clear of cable clutter and e-waste is minimised. The display's sustainable functionality continues, achieving energy savings of up to 30% by enabling sensor technology to automatically reduce brightness or power down as appropriate to usage scenarios.

Prioritising user wellbeing, the 150mm height adjustable stand and ergonomic features are easily adjusted to suit individual user requirements whilst low-blue light and flicker-free technologies ensure eye-pleasing comfort and protection.
