Aprašymas

Sight is a tabletop companion camera that pairs with Logitech Rally Bar or Rally Bar Mini to provide remote participants with a front-and-center view of in-person interactions, ensuring a more equitable meeting experience. Sight seamlessly frames, and presents multiple active speakers, dynamically replacing and displaying individuals as they contribute to the conversation around the table. Meanwhile, the front-of-room camera overlays the front-of-room view of all in-room participants, providing a comprehensive and engaging view of the entire meeting.

Sight integrates with leading video conferencing platforms like Microsoft Teams, Zoom, and Google Meet, making it easy to connect hybrid teams. Easy deployment and management provide a hassle-free experience, with remote monitoring, updating, and troubleshooting available through Logitech Sync and enhanced support available through Logitech Select.

Product Description: Logitech Sight - conference camera | Device Type: Conference camera - fixed | Audio: Yes: built-in seven omni-directional beam-forming microphones | Camera Mount Type: Grommet mount, table mount, tripod mount | Colour: Graphite | Connectivity Technology: Wired | Camera: Colour | Frame Rate (max): 60 frames per second | Video Modes: 4K | Focal Length: 1.87 mm | Focus Adjustment: Automatic (min distance 50 cm) | Software Certification: Certified for Microsoft Teams Rooms, Certified for Zoom Rooms, Optimised for Google Meet | Voltage: PoE Plus | Features: Dual cameras, dual lens, intelligent multi-participant framing, AI-powered, up to 2.3 m audio pickup, 315° field of view (using AI), LED indicator, microphone mute control, up to 5 m focus distance, Acoustic Echo Cancellation (AEC), Voice Activity Detector (VAD), microphone noise suppression technology | Manufacturer Warranty: 2-year warranty | Environmental Parameters (operating): 0 °C - 40 °C; 10 - 90% RH (non-condensing) relative humidity
