Aprašymas

M1120

Enjoy the benefits of mobile printing and big savings with this durable, fast and energy-efficient EcoTank with refillable ink tank. A cost-efficient solution, print up to 5,000 pages with the included black ink¹. You'll get prints quickly as there's no warm up time and print speeds of 15ppm². Connect easily via Wi-Fi and use Epson's range of mobile printing apps.

Reduce your printing costs

You can save up to 50% in three years compared to monochrome laser printers with EcoTank³. It features a large refillable ink tank that you fill with the included ink bottles instead of toner. From the start you have enough ink to print thousands of pages, slashing costs and saving time.

Low cost replacements

While refills are likely to be few and far between, you'll be able to save over 90% on the cost per page with replacement ink bottles⁴. Its front-facing tank is engineered for mess-free refills and the bottles have an airflow system so squeezing is not necessary during the filling process. Thanks to the front ink level display, it's obvious when it's finally due for a refill.

Reliable

Giving peace of mind, every EcoTank mono printer comes with a one-year/100,000-page warranty.

Save time

Don't waste time changing supplies - with an ink tank system, you can essentially fill it up and forget about it. Printing is fast with no warm-up time and print speeds of 15ppm².

Save energy

Cut energy usage and reduce overheads with an EcoTank mono printer. It can save up to 95%⁵ in power consumption compared to mono laser printers.

Mobile printing

Print from anywhere in the office with Wi-Fi connectivity and Epson's free mobile printing apps⁶.
