Aprašymas

Print large volumes of high-quality business documents while making huge savings on CPP and TCO with this refillable and easy to use 4-in-1 MegaTank-equipped MAXIFY GX printer with ADF, Wi-Fi and Ethernet.

Brilliant productivity, best-in-class CPP and TCO

Cost per page (CPP) is the amount of money that it takes to print a single page. This is determined by dividing the cost of the ink by the page yield.

The total cost of ownership (TCO) is a calculation of what a printer would cost you based on the initial purchase cost of hardware plus the costs of ink over a fixed period.

Low running costs, brilliant productivity

With a full set of ink bottles producing up to 14,000 prints, this high-performance, high-volume MegaTank printer delivers huge savings on the total cost of ownership and cost per page. That's a smart investment for any home office.

Compatible Apps and Software

Print documents, photos and more direct from your smart device with the free Canon PRINT app, or quickly design and print visually striking posters and flyers with PosterArtist. Use PIXMA Cloud Link to send scans to or print from popular cloud services including Dropbox, Google Drive and OneDrive.

Canon Easy-PhotoPrint Editor turns your favourite photos (from your device or cloud storage) into stylish, personalised gifts such as cards and calendars.

The simple to use Easy-Layout Editor allows you to freely arrange the layout of various documents before printing them. Ideal for printing images, posters, web pages and more.
