Dive into gaming excellence with the AOC Q27G3XMN/BK, a high-performance 27-inch monitor built for competitive play and stunning visual fidelity. Equipped with revolutionary Mini LED backlighting technology and supercharged HDR performance, this monitor delivers vibrant color experiences and blazing brightness unmatched in its class. Achieving HDR1000 certification, the Q27G3XMN/BK ensures exceptional contrast, deep blacks, and brilliant highlights, bringing every virtual world to life.

Unmatched Speed and Clarity

The core of superior gaming performance lies in speed. This AOC G3 series monitor features a crisp QHD resolution (2560x1440), providing incredible detail across the 27-inch display. Coupled with an ultra-fast 180Hz refresh rate, screen tearing and motion blur are virtually eliminated. Utilizing a Fast VA panel, the monitor achieves a lightning-quick 1 ms GtG (Grey-to-Grey) response time, ensuring every action is registered instantly, giving you a competitive edge.

Key Gaming Features and Connectivity:

- **Mini LED Technology:** Features 336 independent dimming zones, drastically enhancing local contrast and achieving true HDR performance (HDR1000 certified).
- **QHD Resolution (2560x1440):** Provides sharp imagery and ample screen real estate, balancing visual quality and GPU performance.
- **High Refresh Rate:** A rapid 180 Hz refresh rate ensures ultra-smooth motion handling, critical for fast-paced genres.
- **Adaptive Sync Support:** Includes Adaptive Sync and is compatible with FreeSync Premium Pro, guaranteeing synchronized frames and tear-free gameplay at any frame rate.
- **Ergonomic Design:** Supports VESA mounting and features full height adjustment for optimal viewing comfort.
- **Flexible Connectivity:** Equipped with two HDMI 2.0 ports and one DisplayPort 1.4 input.

AOC (Admiral Overseas Corporation) is a globally recognized manufacturer specializing in high-quality display technology, known for producing reliable, feature-rich monitors for professional, everyday, and competitive gaming use.
