The LG UltraWide 38WR85QC-W monitor transforms your workspace into an ultra-spacious productivity hub. Designed for business professionals and creative users demanding expansive screen real estate, this 38-inch UltraWide Quad HD+ (3840x1600) display features an immersive 2300R curvature and a sleek, 3-side borderless design. Its vast screen allows you to easily display multiple programs simultaneously, significantly enhancing multitasking efficiency.

## **Superior Color Fidelity and High Dynamic Range**

Experience breathtaking visual detail thanks to Nano IPS technology. This advanced panel supports 98% (Typ.) coverage of the DCI-P3 color gamut, ensuring accurate and vivid color reproduction across the high-resolution WQHD+ display. The monitor is also certified with VESA DisplayHDR™ 600, guaranteeing high peak brightness and deep contrast levels essential for viewing HDR content, movies, and the latest HDR games.

## **Seamless Connectivity and Control**

The 38WR85QC-W functions as a complete productivity hub. The USB Type-C™ port streamlines your setup by supporting high-speed data transfer and providing up to 90W of power delivery, charging compatible laptops using just a single cable. For enhanced network stability, a built-in RJ45 (LAN port) provides wired Ethernet connectivity directly through the monitor.

## **Advanced Multitasking Features (KVM and PBP/PIP)**

Manage multiple systems effortlessly. The integrated Dual Controller and built-in KVM feature allow you to connect and control two separate computers using a single keyboard and mouse connected to the monitor. Furthermore, utilize Picture-by-Picture (PBP) and Picture-in-Picture (PIP) functions to connect multiple sources and split your screen or overlay windows for optimized workflow management. The LG Switch app further aids optimization, allowing quick division of the display or launching video platforms via hotkeys.

## **Smooth Performance for Professionals and Gamers**

While optimized for business, this monitor delivers excellent responsiveness, making it suitable for fast-paced content creation and light gaming. A swift 144Hz refresh rate combined with a rapid 1ms (GtG) IPS response time ensures extremely smooth motion clarity. The inclusion of G-SYNC

### Ultra-spacious productivity

The UltraWide™ QHD+ (3840x1600) screen with 2300R curvature and a 3-side borderless design is ideal for multitasking, as it can display multiple programs at once.

### Every detail comes to life

With Nano IPS and support for DCI-P3 98% (Typ.) color gamut on the high-resolution WQHD+ (3840x1600) display, you can experience a wide color spectrum with detailed color and contrast.

### Clean and bright HDR

Featuring VESA DisplayHDR™ 600, this monitor offers a wide range of brightness and contrast for an immersive experience when playing the latest HDR games, watching movies, and viewing pictures.

### Multi devices, one monitor

The dual controller helps to work through a single monitor with two computers and transfer files to

either computer. Also, the built-in KVM feature allows you to control both computers with a single keyboard and mouse.

### **One screen, multi views**

Streamline your multitasking by making use of Picture-by-Picture and Picture-in-Picture to connect multiple devices, split your screen, or float a smaller window over your main window.

### **Switch swiftly**

LG Switch app helps to optimize the monitor to your work and life. You can readily divide the whole display up to 6, change the theme design, or even launch a video call platform with a mapped hotkey.

### **Speed up your game**

A fast 1ms (GtG) IPS response time and 144Hz refresh rate make image frames appear smoothly, It helps gamers to quickly see the next frame and respond rapidly to opponents while aiming at targets easily.

### **Productivity hub with easy connectivity**

Make the most of your productivity with a monitor featuring RJ45 (LAN port) for wired Ethernet. The USB Type-C™ port supports connection to various devices, data transfer, and up to 90W of power delivery via only a single cable.

### **Easy and comfy**

Get your perfect viewing angle with the ergonomically designed stand: adjust the height, tilt, and swivel easily to find the position that fits you best.
