

Graphics Card Lenovo NVIDIA RTX 4000 Ada 20GB GDDR6 4x DisplayPort

Modelis: 4X61P39479

Gamintojas: LENOVO

EAN: 195892099109

Prekės kodas: 345358

1,581.99€

Professional Performance with NVIDIA Ada Lovelace Architecture

The Lenovo NVIDIA RTX 4000 Ada Generation professional graphics card is a high-performance, single-slot solution designed for demanding creative and technical workflows. Based on the cutting-edge NVIDIA Ada Lovelace architecture, this 9.5-inch PCI Express Gen4 card delivers a significant leap in performance, efficiency, and capabilities for professionals who require the best in desktop graphics.

Equipped with 20 GB of GDDR6 memory with Error Correction Code (ECC) support, the RTX 4000 Ada ensures data integrity and provides the capacity needed for large datasets and complex simulations. With a maximum power consumption of 130 W and an active cooling system, it offers a reliable and flexible configuration for various workstation setups via a single 16-pin connector.

Features and Capabilities:

- **NVIDIA Ada Lovelace Architecture:** Delivers hardware-accelerated ray tracing and revolutionary AI features for advanced rendering and simulation.
- **20GB GDDR6 Memory:** High-capacity memory with ECC protection for working with massive datasets and professional applications.
- **Single-Slot Design:** Compact 9.5-inch form factor allows for versatile installation in professional workstations.
- **Quad Display Support:** Features four DisplayPort 1.4a outputs, supporting high-resolution multi-monitor configurations up to 7680 x 4320 pixels.
- **Advanced Technologies:** Supports DirectX 12.0, OpenGL 4.6, and advanced shading technologies for creative professionals.

Lenovo is a global leader in technology, providing reliable and high-performance hardware solutions that empower professionals to achieve more. Their partnership with NVIDIA ensures that you receive industry-leading graphics performance backed by world-class engineering.

Order today from ++SHOP++ as we offer the best prices and fast delivery for professional workstation components.

The NVIDIA RTX 4000 Ada Generation professional graphics card is a single-slot, 9.5 inch PCI Express Gen4 graphics solution based on the state-of-the-art NVIDIA Ada Lovelace architecture. It is an actively cooled product capable of 130 W maximum graphics power using a single CEM5 16-pin connector for more flexible configurations. Based on the groundbreaking NVIDIA Ampere architecture graphics processing unit(GPU), NVIDIA RTX 4000 Ada Generation delivers hardware-accelerated ray tracing, revolutionary AI features, advanced shading, and powerful simulation capabilities to creative professionals. With the industry's most expansive graphics memory footprint consisted of 20 GB of GDDR6 memory with ECC for data protection, NVIDIA RTX 4000Ada Generation enables the most graphics-intensive applications run with the highest level of user experience, even
