outstanding color accuracy (99% sRGB) and wide 178° viewing angles, so every detail of the virtual battlefield is rendered perfectly. With HDR10 compatibility, the display offers enhanced contrast and a broader color spectrum, elevating your immersion.

Unrivaled Speed and Fluid Gameplay

Achieve a competitive edge with ultra-smooth visuals. The 24GS60F-B boasts a blistering 180 Hz refresh rate and a lightning-fast 1 ms (GtG) response time, ensuring motion blur is virtually eliminated, crucial for fast-paced action games.

- **180 Hz Refresh Rate:** Provides fluid, responsive movement for precise targeting and tracking.
- **1 ms (GtG) Response Time:** Minimizes ghosting and motion blur during intense action.
- **Adaptive Sync Technology:** Supports both AMD FreeSync and NVIDIA G-SYNC Compatible technologies to virtually eliminate screen tearing and stuttering.
- **IPS Panel with FHD Resolution:** Delivers accurate colors and wide viewing angles (178°/178°).
- **HDR10 Support:** Enhances picture quality with dynamic contrast and deep blacks (300 cd/m² brightness).

Optimized Gaming Features

LG UltraGear monitors include specialized tools designed to maximize your performance and convenience:

- **Dynamic Action Sync (DAS):** Reduces input lag, allowing immediate response to in-game actions.
- **Black Stabilizer:** Automatically brightens dark scenes, helping you spot enemies lurking in shadows.
- **Crosshair Feature:** Places a fixed crosshair in the center of the screen for improved accuracy in FPS games.
- **Ergonomic Design:** Features a 3-side virtually bezel-less design for seamless multi-monitor setups and adjustable tilt for comfortable viewing.

LG is a globally recognized leader in display technology, committed to delivering innovative products that meet the highest standards of performance and design, especially for the demanding needs of

the gaming community.

Order today from ++SHOP++ as we offer the best deals and guaranteed authentic LG UltraGear products.

The LG UltraGear 24GS60F-B monitor is a significant choice for enthusiasts seeking a high-performance gaming experience. With its 24-inch Full HD IPS display, it delivers exceptional color accuracy and wide viewing angles, ensuring that every detail is visible from any perspective. HDR10 compatibility elevates the visual experience by providing a wider color spectrum and deeper contrasts.

Gamers will appreciate the fluid gameplay made possible by the integration of AMD FreeSync and NVIDIA G-SYNC Compatible technologies, eliminating screen tearing and minimizing stutter for a smoother gaming experience. The monitor's high refresh rate of 180 Hz and rapid response time of 1 ms mean that even the most fast-paced scenes are displayed with clarity and precision.

Designed with gamers in mind, the LG UltraGear 24GS60F-B comes equipped with several features to enhance gaming performance, including Black Stabilizer for better visibility in dark scenes, Dynamic Action Sync to reduce input lag, and a Crosshair feature to improve accuracy in shooting games. Its 3-side virtually bezel-less design and adjustable tilt offer both an immersive viewing experience and ergonomic comfort. Whether for competitive gaming or immersive entertainment, this monitor is built to impress.
