Designed for professionals working in challenging environments, outdoor enthusiasts, and anyone who demands maximum resilience from their mobile device, the Blade V ensures seamless operation regardless of conditions. Equipped with the efficient MediaTek Dimensity D7050 processor and massive memory, this phone delivers performance without compromise.

Extreme Durability and Connectivity

- **Certified IP69 Protection:** Provides superior defense against dust ingress and high-pressure, high-temperature water jets, making it truly resistant to harsh elements.
- **Future-Proof 5G Connectivity:** Experience ultra-fast download speeds, low latency, and reliable communication essential for modern mobile usage.
- **Vivid FHD+ Display:** Features a large 6.59-inch FHD+ screen, offering crisp, clear visuals ideal for use outdoors and on site.

Powerful Performance and Advanced Features

- **MediaTek Dimensity D7050 Processor:** A powerful chipset optimized for demanding applications, efficient multitasking, and 5G performance.
- **Generous Memory Configuration:** Comes equipped with 8GB of RAM, ensuring smooth performance when running multiple applications simultaneously.
- **Ample Storage:** 256GB of internal storage provides extensive space for photos, videos, maps, and professional applications.
- **High-Resolution Cameras:** Capture detailed photos with the powerful 50MP main camera setup, complemented by an 8MP secondary camera, and crisp 16MP front camera for clear video calls.
- **Modern Functionality:** Includes NFC technology for secure and convenient contactless payments.
- **Dual SIM Support:** Allows users to manage two separate phone numbers (e.g., work and personal) simultaneously.
- **Operating System:** Runs on the secure and feature-rich Android 13 operating system.

MYPHONE, known primarily for its HAMMER series, specializes in producing rugged and durable mobile devices that cater specifically to users who require tough, reliable communication tools in demanding environments. Their commitment to high protection standards ensures longevity and performance where standard smartphones fail.
