The core of this TV's intelligence lies in the powerful alpha 7 AI Processor Gen8. With significant performance improvements, this processor delivers stunning 4K picture quality, offering much better sharpness, depth, and clarity than ever before. Thanks to **4K Super Upscaling**, the processor boosts lower-resolution content back towards its original quality, enhancing resolution, brightness, and overall clarity in every frame.

## Exceptional Visual and Audio Experience

- **HDR10 Pro:** Experience vibrant colours and superior brightness that elevate the screen resolution. Jump into elevated image quality characterized by sharper contrast and breathtaking detail.
- **FILMMAKER MODE:** View movies exactly as the director intended. This mode ensures visuals are displayed as close as possible to their original cinematic form, preserving accurate aspect ratios, colours, and frame rates.
- **AI Sound Pro:** The TV fine-tunes your sound automatically for impactful, clear audio tailored to the content you are watching.
- **WOW Interface:** Control your sound system and related settings easier directly from your TV interface.

## Smart Entertainment and Future-Proof Software

Running on the intuitive **webOS 25** operating system, the 86UA75006LA offers seamless navigation and access to your favorite streaming services. Furthermore, benefit from the award-winning **webOS Re:New Program**, which guarantees annual software and feature upgrades for up to five years, keeping your Smart TV future-proof. LG is dedicated to security, ensuring your privacy and data remain safe.

## Powerful Performance for Gaming

Gamers will appreciate the optimization features built into this LG TV. Experience peak gaming performance with **VRR (Variable Refresh Rate)** support, which minimizes screen tearing and input lag. Get your game on without performance hindrances, enjoying fluid and responsive visuals.

## Connectivity and Technical Specifications
