

## QCY SP7 wireless speaker (blue)

Modelis: SP7 blue

Gamintojas: QCY

EAN: 6957141410110

Prekės kodas: 352285

# 63.98€

### QCY SP7 wireless speaker (blue)

The QCY SP7 wireless speaker is a reliable gadget for fans of exceptional sound and unforgettable parties. It surprises you with powerful sound of up to 40 watts that will fill any space, and with the bass maximization function, it allows you to feel the rhythm of the music as if it were live. Striking RGB lighting with 15 light modes, splash resistance (IPX7) and an impressive runtime of up to 14 hours make the SP7 the perfect companion for any occasion - from home relaxation to an all-night outdoor party. Discover the power of professional sound encased in a sleek and ultra-portable design!

### Impressive power, unmatched quality

The QCY SP7 offers up to 40 watts of power, bringing the maximum volume to an impressive 105 dB. This makes the speaker capable of filling a space comparable to the size of a tennis court with music. Two powerful woofers provide rich, deep bass, while silk dome tweeters effectively minimize

distortion, ensuring clear and crisp sound even at the highest volume levels.

## **Intense bass and dynamic RGB light show**

Especially for deep bass lovers, the QCY SP7 speaker is equipped with a dedicated bass maximization mode that you activate with a single press of a button. Feel the rhythm of the music with your whole self - just like at the best music festivals. Plus, thanks to dynamic RGB lighting with 16.8 million colors, you'll make any party unforgettable. The speaker offers up to 15 different lighting effects, which you synchronize with the rhythm of the music using the dedicated QCY app. Bring the atmosphere of a club dance floor right into your home or garden and enchant your guests with an impressive light show.

## **Waterproof at a high level**

The QCY SP7 speaker features full splash resistance, thanks to its IPX7 certification and special hydrophobic coating and fully sealed housing. Now you can enjoy your favorite music by the pool, at the beach or during rainy weather without worrying about water spoiling the fun.

## **No worries about frequent charging**

The 5200 mAh battery provides up to 14 hours of uninterrupted music playback. With the QCY SP7, the party goes on from dusk until dawn without having to charge the device constantly. Party without limits while enjoying excellent sound quality all night long.

## **Versatility and ease of use**

Thanks to True Wireless Stereo (TWS) technology, you can combine two QCY SP7 speakers to create a powerful audio system with up to 80 watts of combined power. Eight drivers will deliver spectacular stereo sound that will impress even the most demanding listeners. The QCY SP7 also offers wide compatibility - it supports Bluetooth 5.4 connectivity and can play music from TF cards. In addition, a built-in noise-canceling (ENC) microphone ensures clear phone calls, and the QCY app allows you to fully personalize settings. The intuitive control panel allows for easy operation, including adjusting volume, switching songs, answering calls, activating the voice assistant and more.
