About the service

DJI Care Refresh is a service package that allows you - for a fee - to replace a damaged product with a new one. It covers damage caused even through the fault of the user.

The service can be activated at any time - after 30 days from the activation of the device, it will be necessary to send DJI a [verification video](#).

The total service time, taking into account extensions is 3 years, and that's as many as 6 replacements!
