Gamintojas: OBSBOT

EAN: 6971889230441

Prekės kodas: 352300

185.99€

OBSBOT Tiny 2 Lite Webcam

The OBSBOT Tiny 2 Lite webcam is perfect for remote work, online training, streaming or YouTube video recording. It supports many smart features and automatic zoom, can track your movements and provides excellent 4K video quality. It also allows you to record crisp, detail-saturated audio and stands out for its wide compatibility.

Automatic motion tracking with AI

Hosting a live broadcast or online training session? You no longer have to worry about accidentally stepping out of frame! The Tiny 2 Lite camera uses advanced AI algorithms to track your movements in real time. This allows it to effectively follow, for example, the upper part of your body or a specific detail. You also get various image settings (including background blur), pre-configured PTZ positions (pan, tilt, zoom), auto focus and various AI tracking modes.

Gesture control

No longer do you have to go to your computer every time to change the settings you want. The Tiny 2 Lite camera supports Gesture Control 2.0, which allows you to quickly enable AI auto-tracking, as well as zoom in and out, among other things. All it takes is a simple movement!

Fantastic image quality

Experience how good the shots taken with the webcam can look. The Tiny 2 Lite allows you to film in 4K/30FPS or 1080p/60FPS, so you can easily get detailed, dynamic footage. There's also PDAF (Phase Detection Auto Focus) technology, which allows the device to quickly set and maintain focus on a specific subject. What's more, the 1/2-inch CMOS sensor provides optimized HDR capabilities and excellent image quality even in low light.

Delightful sound

The camera is equipped with two omnidirectional microphones that support adjustable noise cancellation. This gives you great sound quality even in noisy environments! Online lectures and presentations, live broadcasts, video calls - with the Tiny 2 Lite you can be sure that everyone will hear you without any problems.

Several recording modes to choose from

Customize the camera for different recording scenarios. The Tiny 2 Lite lets you choose from several modes, such as Landscape, Portrait and Upside-down. There's also a sleep mode - automatic and manual, for example - which allows you to set a static image to protect your privacy.

Refined in every detail

The Tiny 2 Lite features a minimalist, lightweight design and a built-in stand that makes it easy to set up. It also has a 2-axis gimbal, so every shot will be perfectly smooth. It's also very easy to install and set up.

Even more possibilities

Bring out the full potential of your webcam. The Tiny 2 Lite is compatible with OBSBOT Center software, which allows you to adjust settings, among other things. It also allows you to enable a special Beauty mode that will make you look perfect in every frame. You can also connect the camera to your Stream Deck for even more convenient management of live broadcasts. The device also supports OSC (Open Sound Control) and keyboard shortcuts, making it even easier to use.

Try out additional accessories

Want to gain even more capabilities? Stock up on additional accessories for your Tiny 2 Lite camera! The Tiny Smart Remote 2 allows you to conveniently control the device from a distance, and the UVC to NDI adapter converts UVC signals to NDI (with PoE support), eliminating the need for a separate power supply. This gives you efficient live transmission with very low latency! There's also a 3-in-1 USB 3.0 hub that allows you to connect up to three Tiny 2 Lite cameras simultaneously.

Included

- Camera **OBSBOT Tiny 2 Lite**
- USB-C to C cable
- USB-C to USB-A adapter

Manufacturer	OBSBOT
Name	Tiny 2 Lite
Model	OWB-2210-CE
