### Cooler Master Hyper 612 APEX CPU cooler (black)

Hyper 612 APEX from Cooler Master is a high-performance tower CPU cooler optimized for performance and compatibility. With 6 proprietary heat pipes and two Mobius 120P fans, it provides stable cooling even under heavy load. The compact design, 30% smaller than its predecessor, guarantees full compatibility with RAM and motherboards.

### Performance at the highest level

6 proprietary SCHP (Super Conductive Heat Pipes) heat pipes designed by Cooler Master ensure excellent heat dissipation. Combined with dual Mobius 120P fans (2 x 120 mm, up to 2400 RPM), the system guarantees quiet but highly efficient operation even under intense CPU load.

## Attention to detail

The Hyper 612 APEX chassis has been visually improved - slimmer lines and careful finishing give the whole chassis a professional look. As a result, the cooling looks great in enclosures with transparent side panels and matches the aesthetics of stealth kits.

## Cooperation with various systems

The fan is compatible with both Intel (LGA 1851 / 1700 / 1200 / 1151 / 1150 / 1155 / 1156) and AMD (AM5 / AM4) processors, making it a universal solution for a wide range of hardware configurations.

## Easy installation and hassle-free maintenance

The removable top cover makes installation and cleaning easy, making the Hyper 612 APEX suitable for less experienced users as well. A well-thought-out mounting system minimizes installation time and eliminates the need to modify other components.

## Compact design

Compared to the previous generation, the Hyper 612 APEX takes up as much as 30% less space, allowing it to better fit into various hardware configurations. Despite its smaller size, the cooler does not interfere with any size of RAM, thus ensuring full compatibility.

**Manufacturer** Cooler Master

**Model** Hyper 612 APEX

**Color** Black

**Supported CPU sockets** Intel® LGA 1851 / 1700 / 1200 / 1151 / 1150 / 1155 / 1156, AMD® AM5 / AM4

**Overall dimensions (L x W x H)** 127 x 114 x 159 mm (5.0 x 4.4 x 6.2 inches)

**Fan dimensions (L x W x H)** 120 x 120 x 25 mm (4.7 x 4.7 x 1 inch)
