Ottocast PCS50 wireless adapter and AI assistant OTTOAIBOX NANO

Ottocast PCS50 is a small device that can significantly transform your daily use of your car. This compact adapter with an interactive display and AI function allows you to transform your car into an entertainment and information center - without complicated installation or the need for cables.

Voice control with AI assistance

With ChatGPT 4.0 support, the Ottocast PCS50 allows you to operate many functions without taking your hands off the wheel. You can issue voice commands for navigation, weather, music or news - and the assistant responds in real time. English and Japanese languages are supported.

Android 13 system - applications as in a smartphone

When the Ottocast PCS50 is connected, the car gains access to Android 13. As a result, you can use apps such as YouTube, Netflix and Spotify on the screen in the car, as well as download other apps from the Play store. The interface is fully customizable, so you can tailor it to your preferences.

Cable-free connectivity and constant internet access

The device supports Android Auto and Apple CarPlay wireless connectivity, eliminating the need to connect your phone with a cable. In addition, the Ottocast PCS50 has a built-in CloudSIM function that automatically connects to the strongest available network.

Easy installation

Using the Ottocast PCS50 does not require any technical skills. Just plug the device into your car's USB port and it will automatically boot up and connect to your multimedia system. It works with any vehicle - both cars and motorcycles - thanks to its wide compatibility.

Built-in display

On the front of the device is a 1.83-inch interactive screen that shows animated responses from the assistant, the current status of the network, as well as the clock or music visualizations. This is not only an interesting addition, but also a way to quickly see the current settings and status of the device.

Included

- adapter
- Ventilation grille mount
- USB-A to USB-C cable
- USB-A to USB-A cable
- USB-C adapter
