

Shelly Gas CNG WiFi gas sensor

Modelis: GasCNG

Gamintojas: SHELLY

EAN: 3800235262276

Prekės kodas: 352381

69.99€

Shelly Gas CNG natural gas sensor

Shelly Gas CNG is a smart sensor that provides additional protection in homes using compressed natural gas (CNG). It stands out for its precise measurements, long service life and high sensitivity, offering reliable protection against the dangers of a possible leak. Thanks to Wi-Fi technology and compatibility with platforms such as Google Assistant and Amazon Alexa, you can receive real-time information about the security status of your home.

Reliable alarms

Shelly Gas CNG is equipped with an LED light and sound alarm of about 70 dB, which effectively alerts users when gas is detected. It can also send notifications to your phone. This way, you can immediately respond to a possible threat!

Smart features and integration

The sensor can be easily integrated with other Shelly-branded devices to create a cohesive smart home system. The product is also compatible with Android and iOS operating systems, and works with the Amazon Alexa and Google Assistant ecosystems. It also works with home automation servers using MQTT, CoAP and REST APIs. This makes it possible to monitor and control it remotely using apps and voice assistants. You can also easily integrate it into your Arduino-based projects.

Safety and durability

The sensor's housing is flame-retardant, making it safer to use in the event of a fire. What's more, its minimal power consumption (3 W) and ability to operate over a wide temperature range (-10°C to 50°C) make Shelly Gas CNG an extremely effective and reliable device in almost any conditions.

Ease of installation and use

Shelly Gas CNG is easy to install and configure, so it can quickly become an integral part of your home security system. It also requires no additional hubs, simplifying installation and reducing initial costs. Wi-Fi range of up to 50 meters outdoors and up to 30 meters indoors allows for flexibility in placing the sensor in the optimal location.

Manufacturer	Shelly
Model	GasCNG
Power supply	110-230 V \pm 10% 50/60 Hz
Gas sensor	Compressed natural gas - CNG

Protection against temperatures Yes - flame retardant

Alarm LED flash light and sound

Alarm sensitivity 6% LEL

Volume level \geq 70 dB

Valve manipulator jack output 11-13 V, 500 mA

Operating temperature From -10°C to 50°C

Power consumption 3 W
