Service Coverage with DJI Care Refresh (two-year plan)

DJI Care Refresh is a service package that allows you to replace a damaged product with a new one for a fee. It covers damage caused even by the user. The service can be activated at any time—30 days after activating the device, you will need to send DJI a [verification video](#). The total service duration, including renewals, is 3 years, which means up to 6 replacements! More information is available below.

DJI Osmo Pocket 3

For the DJI Pocket 3, the cost of each replacement under DJI Care Refresh is: 219 PLN. DJI Care Refresh (annual plan) provides two replacements. DJI Care Refresh (2-year plan) provides four replacements.*

*If you report an accident directly to the manufacturer, the replacement cost may vary depending on the current exchange rate.

How to activate DJI Care Refresh?

1. Go to the website <https://support.dji.com/care/active>.
2. During the activation process, enter your Care Refresh code, the device's serial number (located directly on the product), and your personal information (first and last name, email address).
3. The service will be activated and automatically assigned to the appropriate region. You will receive confirmation of your DJI Care Refresh activation via email.

Accident - what next?

The procedure in the event of an accident is very simple. You just need to report the incident and send the damaged equipment to the DJI warranty service center – be sure to note that you have DJI Care Refresh coverage. Once you receive the repair quote, decide whether to proceed with the repair or opt for a replacement under the service. If you choose the latter, pay the applicable amount—you'll receive the replacement equipment on a priority basis. What's more, if you're located in the same region where the service package was purchased, the manufacturer will cover the shipping costs!

1. Report the defect and send your DJI product to the German DJI service center, noting that you have DJI Care Refresh.
2. Once you receive the repair estimate, decide whether you want to proceed with the repair or prefer a replacement under DJI Care Refresh.
3. After selecting the DJI Care Refresh option, pay for the replacement—you will then receive another unit or new replacement parts, such as a gimbal, camera, or propellers.
4. The replacement product will be delivered to you as a priority shipment with free shipping.
