Sunnylife AQX-16 transport case for AIR 3S/AIR 3 Fly more combo

The Sunnylife AQX-16 carrying case is a sturdy and functional solution for storing and transporting your AIR 3S or AIR 3 Fly More Combo drone. Thanks to high-quality materials and well-thought-out design, this product guarantees the safety of your equipment in all conditions.

Waterproof protection

One of the biggest advantages of the case is its water resistance. The closed design effectively protects the interior from water, preventing it from entering during rain or accidental contact with

water. This makes the product ideal for outdoor photo shoots, even in harsh weather conditions.

Durable for impact and extreme conditions

The case is made of durable plastic with high resistance to shock, compression and corrosion. The sturdy construction provides protection against mechanical damage, and also copes with extreme temperatures. So you can carry your drone and accessories in any conditions without worry, whether you're traveling to the mountains or the beach.

High-quality cushioning padding

The interior of the case is equipped with a special padding that stably holds your devices in place, protecting them from shocks and scratches. Each component of the Fly More Combo - from the drone to the batteries to the controller - has a dedicated space, further minimizing the risk of damage during transport.

Compact size and convenient use

The Sunnyslife AQX-16 case, measuring 42 × 36.5 × 15.3 cm, is designed with mobility in mind. Despite its capacity, it is handy and easy to carry, making it perfect for both short outings and longer trips. High-quality workmanship and elegant design make it not only a practical, but also a stylish accessory.
