Darkflash DF2100 computer case (black)

Here is the DF2100 - a case that will revolutionize your desktop PC. Created from 0.6 mm thick SPCC material, it provides sturdiness and durability, and its dimensions of 450 x 210 x 482 mm are perfectly suited to the needs of modern computer systems. Compatibility with E-ATX, ATX, M-ATX and ITX motherboards gives users unlimited configuration options, while seven expansion slots and space for two HDDs and three SSDs guarantee incredible flexibility in building powerful machines.

Built-in USB ports

The DF2100 features USB 3.0 and USB 2.0 ports, located at the top of the chassis for easy accessibility. This makes quickly connecting peripherals even easier and more convenient.

Masterful cooling

The Supreme Cooling Layout supports up to 8 fans with sizes up to 120mm, as well as heatsinks up to 360mm long, enabling efficient heat dissipation and maintaining optimal temperatures for even the most demanding components.

Horizontal graphics card mounting

The optional horizontal mounting of the VGA card not only protects against bending, but also allows for a striking presentation of your graphics card, while becoming a functional design element of your gaming setup.

Wide compatibility

Compatible with a wide range of motherboards, as well as a maximum graphics card length of up to 400 mm and a CPU cooler height of up to 165 mm, the DF2100 is ready to take on board both standard and advanced components. The expansion possibilities are almost limitless.

Front and side panels

The ABS front panel and tempered glass side panel finish not only add elegance, but also provide durability and resistance to damage. It's a combination that draws the eye and protects your computer.

Included

- Case
- M/B / SSD screw x 21
- VGA/PSU screw x 6
- Copper spacer x 1
- M/B hex bolt x 3 (6 pre-installed)
