Royal Kludge RK61 RGB, red switch (black) (QWERTY)

Discover a new dimension of comfort and increase your efficiency at work! The Royal Kludge RK61 keyboard features 61 keys with red switches, making every keystroke accurate and extremely responsive. It offers 3 ways to connect to your device - via USB-C cable, Bluetooth or 2.4 GHz connection. The multi-layer design reduces noise, so you can work quietly without disturbing others. It's compatible with various operating systems, such as Windows, iOS, Android and Linux, which means you can use it with multiple devices.

Outstanding precision

The keyboard is equipped with red Kailh switches, which feature extremely smooth and precise travel. This is ideal for those who value comfort while typing and responsiveness. The RK61 also allows you to swap switches quickly, without having to dismantle the keyboard. Now you can experiment with different types of switches and personalize it the way you like.

Wired or wireless

Connect the keyboard to your device of choice in as many as 3 ways. You can choose a traditional wired connection using the USB-C cable you'll find included. Do you value freedom? Take advantage of the wireless connection! The RK61 supports both Bluetooth and 2.4 GHz connection. What's more, with Bluetooth, you can pair the keyboard with as many as 3 devices simultaneously.

Ready for long hours of work

If you're looking for a keyboard that won't let you down when you're working for hours or playing intense games, this is the keyboard for you. It features a powerful 1450 mAh battery, which allows the keyboard to work for up to 120 hours on a single charge. Moreover, thanks to the USB-C interface, the charging process is fast and convenient.

Gaming character

The Royal Kludge RK61 keyboard will fit perfectly into your gaming workstation! It features colorful RGB backlighting, which offers up to 14 modes. This allows you to customize it according to your preferences, creating unique lighting effects while working or playing. Its compact design makes it fit on any desk, leaving you with more space for your projects.

Tailored to you

Royal Kludge's dedicated software opens up endless possibilities for personalization. With it, you can customize each key by assigning functions, macros or keyboard shortcuts. The software also gives you full control over the RGB backlighting, allowing you to create unique lighting effects and customize them to your mood.
