XPG's newest ocean-view chassis boasts compatibility with the latest ATX reverse-connector motherboards, providing the ultimate platform to showcase your clean cable management. Equipped with four pre-installed reverse fans and one standard fan, it ensures optimal airflow performance while maintaining a sleek aesthetic from every angle.

Reverse-Connector Motherboard Compatibility

Imagine effortless cable management! XPG INVADER X BTF supports both standard and the innovative new reverse-connector motherboards. Say goodbye to cable clutter and hello to a more organized interior. Cables can now be efficiently managed behind the motherboard tray, resulting in stunning builds with a tidy aesthetic from every angle.

Support Up to 10 Fans

XPG INVADER X BTF conquers heat with its spacious interior, able to accommodate up to 10 fans for extreme cooling performance.

Easy Cable Management

XPG INVADER X BTF's built-in back cable straps make cable management a breeze. Also, enjoy a 36mm deep cable management space for reduced clutter and easy cable routing.

Removable Drive Bracket

The XPG INVADER X BTF features a removable drive bracket for mounting up to three 3.5" or 2.5" HDD/SSD storage devices.

Enhanced Cooling For Better Performance

Four pre-installed 120mm reverse blade fans, optimized for air intake from the side and bottom, deliver exceptional airflow for the entire system. With room for up to a 360mm radiator on the top, this case offers exceptional cooling performance for heavy-duty gaming and overclocking.

Future-Proof Compatibility

XPG INVADER X BTF boasts exceptional versatility when it comes to motherboard and component selection. It caters to a wide range of motherboard sizes, supporting ATX, Micro-ATX, and even the compact Mini-ITX form factors. Additionally, the case accommodates graphics cards up to 400mm in length, providing ample room for even the most powerful GPUs. Moreover, XPG INVADER X BTF
