Boost your efficiency with advanced features designed for the modern hybrid workspace. The monitor operates at a smooth 120 Hz refresh rate and features a rapid 4 ms response time, ensuring fluid motion whether you are scrolling through complex spreadsheets or enjoying multimedia content. Adaptive Sync technology further eliminates screen tearing and stuttering for a flawless viewing experience.

## Integrated Connectivity and Docking

The CU34E4CW acts as a central hub for your entire setup. Featuring a powerful built-in 90W Power Delivery docking station via USB-C, you can charge your laptop, transfer data, and display video simultaneously with a single cable connection. The integrated Smart KVM (Keyboard, Video, Mouse) switch allows you to control two separate PCs using one set of peripherals, switching instantly between devices for unparalleled operational flexibility.

## Visual Comfort and Professional Tools

This monitor prioritizes user comfort and collaboration. It includes Hardware Anti-Blue Light technology to reduce eye strain during long working hours without compromising color accuracy. HDR10 support ensures vivid clarity and deep contrast. For effective remote meetings, the monitor is equipped with a high-resolution built-in 5MP webcam and integrated speakers, offering an all-in-one solution for video conferencing.

## Key Specifications:
