The LG 49U950A-W transforms your workspace by combining the screen real estate of two 27-inch 16:9 QHD monitors into one massive 49-inch 32:9 UltraWide display. With a stunning Dual QHD resolution (5120x1440), this curved 3800R Nano IPS monitor delivers exceptional clarity, immersion, and multitasking capability, offering approximately 70% more pixels than standard 32:9 Full HD screens.

Professional Productivity and Connectivity

Designed for power users and multitaskers, the 49U950A-W streamlines your setup and enhances workflow efficiency:

- **USB Type-C 90W Power Delivery:** Simplify your connectivity with a single USB-C cable that handles display signal, data transfer, and simultaneous charging of your connected laptop (up to 90W).
- **Built-in KVM Switch (Dual Controller):** Control two separate PCs using just one monitor, keyboard, and mouse. Effortlessly drag and drop files between systems without switching peripherals.
- **Integrated Audio:** Features powerful built-in 10W x 2 stereo speakers, delivering rich bass and clear audio for multimedia content and conference calls, eliminating the need for external speakers.

Exceptional Visual Quality and Color Precision

This Nano IPS panel is factory color calibrated to ensure professional-grade color accuracy right out of the box, making it perfect for creative professionals, designers, and photo editors.

- **Nano IPS Technology:** Delivers vibrant, consistent colors and wide 178° viewing angles across the expansive screen.
- **DCI-P3 98% Coverage:** Enjoy a wide color gamut, ideal for high-fidelity content creation and accurate color reproduction.
- **VESA DisplayHDR 400:** Supports specific levels of color and brightness, enabling improved contrast, deeper blacks, and brighter highlights for stunning visuals.
- **Adaptive Eye Comfort:** Includes automatic brightness adjustment based on ambient light and LG's Live Color Low Blue Light technology (TÜV Rheinland certified) to minimize eye strain while maintaining vivid color quality.

Immersive Gaming Performance (144Hz)

The expansive 49-inch curved display provides an ultra-wide field of view, enhancing immersion for gaming. Its high refresh rate and adaptive sync technologies ensure an incredibly smooth experience.

- **144Hz Refresh Rate:** Provides fluid, tear-free motion for fast-paced action and smooth gameplay.
- **1ms MBR (Motion Blur Reduction):** Reduces ghosting and motion blur, ensuring clearer visuals during quick movements.
- **Adaptive Sync Technologies:** Supports both NVIDIA G-SYNC Compatible and AMD FreeSync Premium Pro, eliminating screen tearing and stuttering across various graphics cards.

Ergonomic and Clutter-Free Design

The sleek L-shaped stand is designed for ergonomic comfort and space efficiency, offering height, tilt, and swivel adjustments. It is also compatible with 100x100 VESA wall mounting for a completely customized setup.

LG is a global leader in technology and innovation, renowned for producing high-quality displays that push the boundaries of productivity and entertainment. Their monitors are trusted worldwide for exceptional performance and reliability.

Order today from ++SHOP++ as we offer the best shipping options and customer service for premium display solutions.

UltraWide Dual QHD (5120x1440)

Bigger. Sharper. Wider.

Experience the power of two QHD displays seamlessly combined into one 49-inch screen. The 49-inch UltraWide 32:9 Dual QHD (5120x1440) monitor offers the screen space of two 27-inch 16:9 QHD displays in a single, expansive view. With approximately 70% more pixels than a 32:9 Full HD resolution (3840x1080), it delivers superior clarity and detail.
