

## Graphics Card BIOSTAR NVIDIA GeForce GT 730 2GB GDDR3 128- bit VN7313THX1

Modelis: VN7313THX1

Gamintojas: BIOSTAR

EAN: 4712960683730

Prekės kodas: 357774

**66.99€**

## Enhance Your Computing Experience with BIOSTAR NVIDIA GeForce GT 730

The BIOSTAR NVIDIA GeForce GT 730 graphics card is a reliable solution designed to boost your PC's performance for everyday tasks, multimedia entertainment, and light creative work. Featuring a 700 MHz processor frequency and 2GB of dedicated GDDR3 memory, this card provides a smooth visual experience compared to integrated graphics solutions.

### Superior Connectivity and Performance

This model is equipped with a 128-bit memory bus, ensuring efficient data transfer and stable operation. With support for DirectX 12 and a maximum resolution of 2560 x 1600, it is perfect for high-definition video playback and multi-monitor setups. The card features a versatile range of outputs, including HDMI, DVI-D, and VGA (D-Sub), making it compatible with both modern displays and older monitors.

## Efficient Active Cooling

To ensure long-term reliability and stability, the BIOSTAR GT 730 utilizes an active cooling system with a dedicated fan. This design efficiently dissipates heat even during extended use. Additionally, the use of solid capacitors enhances the card's durability and lifespan, making it a dependable choice for budget-conscious users looking for a hardware upgrade.

## Main Features:

- NVIDIA GeForce GT 730 GPU with 700 MHz clock speed.
- 2GB GDDR3 memory with a 128-bit memory bus.
- Triple output support: HDMI, DVI-D, and VGA ports.
- PCI Express 2.0 interface for easy compatibility.
- Active cooling system for optimal temperature management.
- Solid capacitor design for improved reliability.

**BIOSTAR** is a world-renowned manufacturer of motherboards, graphics cards, and industrial computing systems, dedicated to providing high-quality components that offer a perfect balance between performance and value.
