At the core of the system is the powerful **AMD Ryzen 7 260 processor**, paired with **16 GB of lightning-fast DDR5 RAM**. This configuration provides exceptional multitasking capabilities and raw processing power needed for intensive gaming and content creation.

Visual Superiority and Graphics Power

Immerse yourself in stunning visuals delivered by the 16-inch FHD+ display, featuring an ultra-smooth **165 Hz high-refresh rate**. This responsiveness virtually eliminates motion blur and ghosting, giving you a crucial advantage in fast-moving scenarios. Driving these stunning frames is the next-generation **NVIDIA GeForce RTX 5070 with 8 GB of GDDR7 memory**, ensuring high frame rates and support for advanced features like ray tracing and AI-enhanced performance.

Key Specifications and Features:

- **Display:** 16-inch FHD+ display with 165 Hz refresh rate for incredibly smooth and detailed visuals.
- **Processor:** High-performance AMD Ryzen 7 260 CPU, optimized for gaming and heavy workloads.
- **Graphics:** NVIDIA GeForce RTX 5070 8 GB GDDR7 VRAM, delivering powerful performance for modern titles.
- **Memory and Storage:** 16 GB DDR5 RAM for high-speed operation and a spacious 1000 GB Solid-state drive (SSD) for rapid loading times and ample storage.
- **Operating System:** Pre-installed with Windows 11 Home, offering a streamlined and secure gaming interface.
- **Ergonomics:** Equipped with a full English keyboard layout and a functional backlight for comfortable late-night gaming sessions.
- **Warranty:** Covered by a comprehensive 24-month manufacturer warranty.

GIGABYTE is a globally recognized leader in the computing industry, celebrated for manufacturing high-quality motherboards, graphics cards, and high-performance gaming laptops that push the boundaries of technology and design.
