Featuring the powerful Radeon RX 9060 XT chipset and factory-overclocked (OC) speeds, this card is ready to perform straight out of the box. The optimization provides a significant uplift in performance compared to standard models, giving you the competitive edge in fast-paced games. With 8 GB of high-speed GDDR6 memory, the card effortlessly handles high textures and demanding resolutions, making it ideal for 1440p gaming.

Key Specifications:

- **GPU Core:** Radeon RX 9060 XT, designed for high-refresh-rate gaming.
- **Memory:** 8192 MB (8 GB) GDDR6 high-bandwidth memory, essential for modern textures.
- **OC Edition:** Factory overclocked for immediate performance gains and reliability.
- **Cooling System:** Advanced Acer Nitro thermal solution ensuring optimal temperature management and quiet operation.
- **Target Resolution:** Excellent performance capability for 1440p gaming environments.

The Acer Nitro series is built to last, providing reliability and cutting-edge technology to power your desktop rig. Whether you are battling online or exploring vast open worlds, the RX 9060 XT ensures a smooth, immersive experience.

ACER is a globally recognized technology leader known for manufacturing high-quality computing hardware, ranging from powerful laptops and monitors to specialized components like their reliable Nitro series graphics cards.
