the cutting edge of CPU technology with exceptional graphics processing, ensuring you dominate every competitive title and enjoy immersive AAA experiences.

Revolutionary Performance Hardware

The Nitro 18 AI is driven by the innovative AMD Ryzen AI 7 350 processor, designed for next-generation computing and efficiency. Paired with 16 GB of high-speed DDR5 memory, multitasking is seamless, and demanding applications run effortlessly. Storage is instantaneous thanks to the vast 1000 GB Solid-state drive (SSD), offering rapid boot times and quick loading screens.

Next-Generation Graphics and Display

Experience gaming fidelity like never before with the NVIDIA GeForce RTX 5070 dedicated graphics card, equipped with 8 GB of blazing-fast GDDR7 memory. This GPU provides superior frame rates and advanced rendering capabilities for highly realistic graphics. Visuals come alive on the expansive 18-inch IPS WQXGA display (2560 x 1600 pixels), providing superb color accuracy, wide viewing angles, and crucial detail for competitive play.
