an anti-glare coating, this device offers an expansive workspace with reduced reflections, making it perfect for long hours of productivity in any lighting environment.

Powerful Internal Hardware

At its heart, the laptop is powered by the efficient Intel Core 5 120U processor, paired with 16 GB of high-speed DDR5 memory. This combination ensures smooth multitasking and responsive performance for demanding applications. With a massive 1000 GB solid-state drive, you have ample space for all your documents, media, and software, while benefiting from lightning-fast boot times and data access speeds.

Features:

- Large 16-inch 2K (1920 x 1200) anti-glare display for clear and comfortable viewing.
- Latest Intel Core 5 120U processor for reliable daily performance.
- 16 GB DDR5 RAM for efficient multitasking.
- 1000 GB SSD provides extensive storage and rapid data transfers.
- Pre-installed Windows 11 Pro for professional-grade security and features.
- Backlit keyboard and 802.11ax wireless connectivity for modern convenience.
- Professional Carbon Black finish for a sleek, corporate look.
